CONTACT/ENQUIRY FORM

Dear enquirer

The ATAA has fishing on the Midford, Wellow and Cam brooks which is a combination of wild brown trout and stocked rainbow trout fishing. Some grayling are present on these brooks (grayling fishing is extended to the end of December on the Midford). The majority of this is fly only.

Our other water is on the Frome and a stretch of the Avon which is mainly good quality coarse fishing. You may encounter chub, barbel, pike, roach, perch, dace, bream, eels and a few carp. We also have an exchange arrangement with another club which gives access to a couple of lakes stocked with carp.

You can find a map of all our waters on our website. A guided visit to our waters can be arranged to suit you.

At the moment we have vacancies so we can process your membership quickly. If you wish to join, please post/email your completed application form (next page) and cheques(s) to me at the above address, or pay by BACS/PAYPAL.

The subscription rates and the application form can be found below. Please note, only full payments by cheque or BACS made by 1 February, will attract the lower, discounted fee. If you are in doubt about this or need any further information please do not hesitate to contact me or use the space on the page overleaf.

Yours sincerely,

Maurice Tennenhaus (ATAA Membership Secretary)
